

Week 9

Team project update/progress

Table of Contents

01 Weekly Progress Summary

02 Demo Videos

03 Overleaf

04 Next Steps

Weekly Progress Summary

Area	Progress Made
Demo Videos	The final version of the short demo is done and uploaded on OneDrive, as well as the long version.
Overleaf	We continued our work on Overleaf. We are making some final edits and additions.
UI Fixes	Fixed the size of the Help Button
Tests	We will finish gathering data and make a graph by the beginning of this week
Website and Files	The website is up to date and every file is uploaded on OneDrive

Demo Videos Progress

Short Demo

Done and uploaded
(Final Version)

Content

Uploaded the first
version and
awaiting for
feedback

Overleaf Progress

Tests

We will now add a section describing the data we gathered from the users that tested the UI (graph)

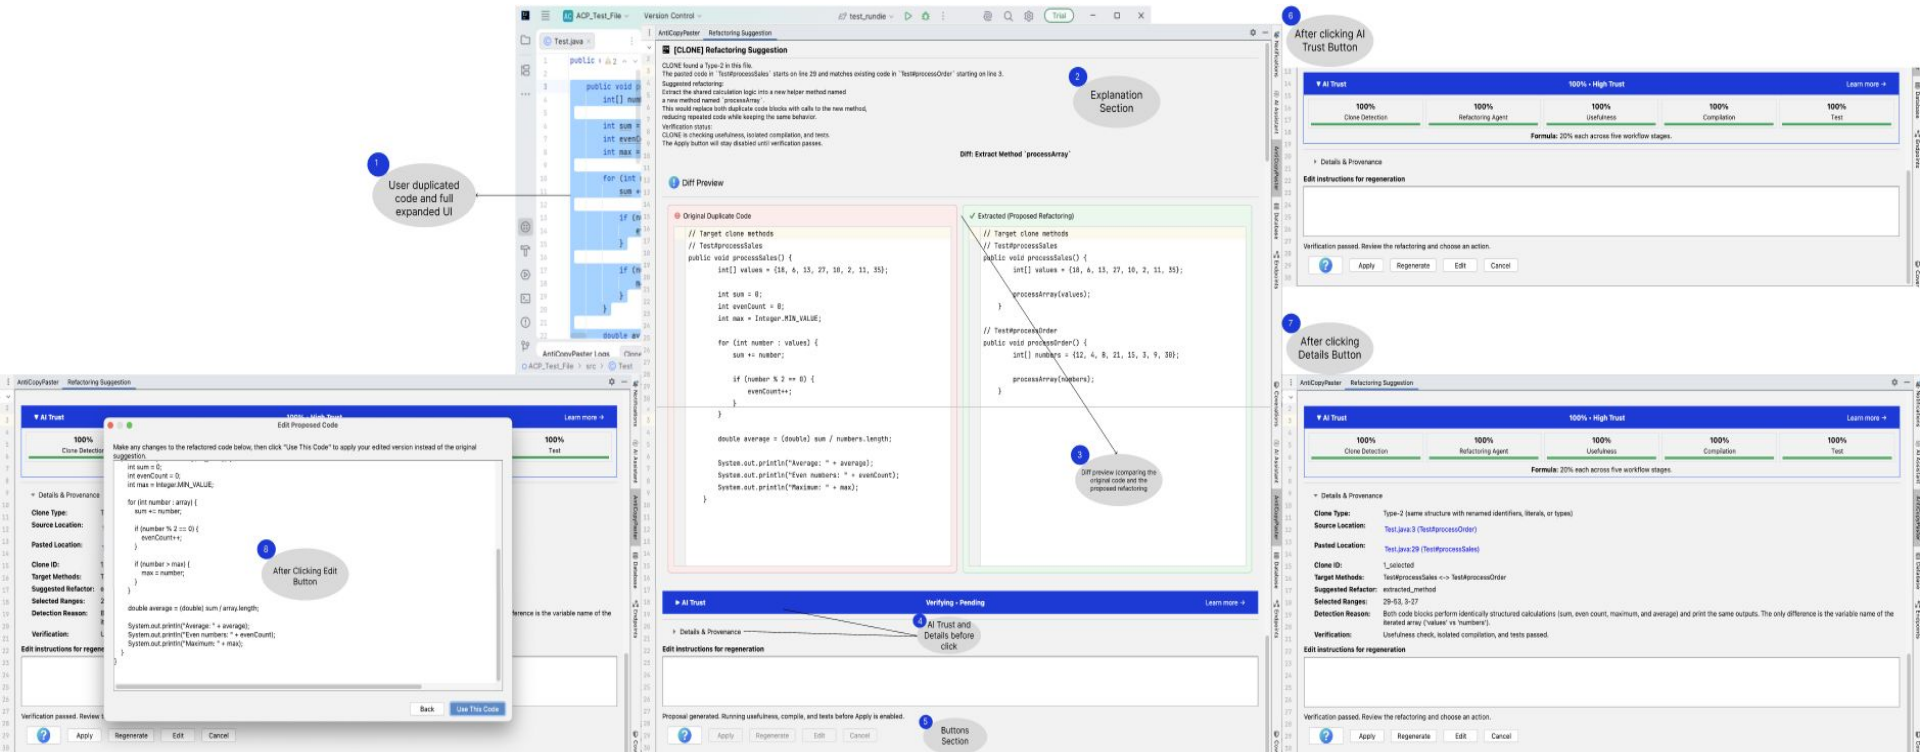

Content

We added more content and detail on all sections

Images

We updated the images of all sections individually to lightmode, and also updated the one of the whole UI Panel.

Full Updated UI-Panel

Next Steps

Testers

Finish gathering all the information we got from the users that tested the panel to add it to the research paper

Overleaf

Review and finish up final details, add updated images

Demo Videos

Finalize longer version demo
